16/1 From the Municipal Commr. Bangalore City
A.Y.D.A 26 - dated 12-1-46
States that the present market value of the land in question would be about Rs 12- per Sq. Yard

4) The Bangalore City Municipal Council have at their meeting held on 29-9-45 approved the opinion of the City Improvement Committee to give the Health camp area, measuring 450'x500' in East Road, Basavangudi, for the construction of the Bangalore Intermediate College, free of cost. The present market value of the land in question is Rs 12- per Sq. Yard

5) Kind reference is invited to the discussion on the subject at the City Municipal Council Meeting held on 29-9-45 Messrs G Rangappa and A G Khaleel, Municipal Councillors (Ka

urged the following points against the recommendation of the city Improvement Committee -

1) that the Sweepers, who are now living there will have to be disturbed and their sheds for which solid and good materials have been used have to be sunked down

2) that the plot is on a lower level than the road and that a better and higher plot was available a little further up

3) the plot chosen for being given to the College was the only Health camp in the city to which people of Bangalore would resort to in times of plague

4) the existence of a mosque very near the plot has to be given due weight-

5) that the plot in question does not belong to the Municipality at all and that during the time of Dr Fernandez the Health officer, the Govt allowed the Municipality to use this plot-

(1902)

as Health Camp

6) It is not clear if the plot in question belongs to the Municipality which is said to be in possession of it for a long time or to the Government

Dft letter please accordingly

Secretary to the Government of Mysore
Revenue Department, Bangalore

Sir.

I have the honour to state that the President, Bangalore Intermediate College applied for the grant of a plot of land measuring 320' x 320' to the east of Acharya Patasala free of cost, for the construction of the college building This matter was placed before the City Improvement Committee which, at its meeting held on 14-9-1945 resolved that the Bangalore Intermediate College be given the Health Camp area measuring 450' x 500' in East Road, Basavanagudi free of cost subject to the following conditions

(1) That the college shall not alienate the land or any part thereof without the consent in writing of the Municipality

(2) That if the educational purpose for which the land is granted should fail the land shall revert to the Municipality

(3) That the college shall agree to put up buildings only according to the design approved by the Municipal Engineer and the Government Architect

(4) That the College shall agree to whom such portion of the land as may be required for the construction of roads in connection with the proposed layout of the neighbouring area

2 The Municipal Council at their meeting held on 29-9-1945 have approved the opinion of the City Improvement Committee

3 A copy of the resolution of the Municipal Council along with a sketch is herein enclosed for favour of obtaining sanction of Government thereto

I have the honour to be,
Sir
Your most obedient servant,

Rafi Darashah

Municipal Commissioner

Forwarded with compliments

M A Gopalaswamy Aiyengar

Honorary President 19/11/45

Proceedings of the meeting of the Bangalore City Municipal Council dated 29th September 1945

--

Subject All No 39

Mr G Manjappa observed that by granting the plot now proposed they would be disturbing the sweepers who were living there and said that he was against any such change If necessary they might give the college a plot in some other place higher up There was no justification for encouraging any outside institution at the cost of the persons related to the Municipality He wanted to know where the present residents of the Health Camp would be shifted to and whether such a shifting was not detrimental to the interests of the sweepers Further they were now put up in sheds already existing and if the entire plot was handed over to the college, what should become of the materials of the sheds The materials were solid and good and would fetch a good price

Mr A J Khaleel opposed the grant of this plot of land to the College on the ground that the plot was in a lower level than the road, and that a better and higher plot was available a little further up If the Municipality wanted to give the land for the cause of education, then it was better they granted a better site Further the spot now chosen for being given to the college was the only Health Camp in ~~xxxxxxxxxx~~ the City to which the people of Bangalore could resort to in times of plague and other infections If this was otherwise disposed of, then even the little relief the people were having during plague season would be denied them There was another aspect also which the Council ought to consider before granting away this plot ~~of~~ to the college The existence of a mosque very near the plot had to be given due weight Things might not remain as they were at present and the College coming up near the mosque might lead to troubles later on More than all, the plot did not belong to the Municipality at all During the time of Dr Fernandez, the Health Officer, the Government allowed this plot to be used by the Municipality as Health Camp and sheds were constructed permanently with good materials by the Municipality then This aspect should also be considered before the Municipal Council decided to grant away a plot not belonging to it For these reasons he opposed the grant and said that some other more suitable plot might be selected for the College a little higher up

Mr V I Hanumanthappa supporting the C I C opinion said that the College authorities had asked for the open land adjacent to Acharya Patasala but since the plot was not suitable for the construction of a college the present plot was selected with the idea that later on if necessity arose, the premises of the college could be easily expands and there was a large open land available all round As re the Health Camp it was no doubt true that some years back it was useful during the epidemic season but of late it had fallen into disuse and so the sheds had been temporarily converted into quarters for the municipal sweepers Arrangements were being made to accommodate all the municipal sweepers in one place and so, the members need not feel that these sweepers ~~xxx~~ would be displaced and that the plot would be given away without proper accommodation for these people As re the existence of the mosque Mr V I Hanumanthappa observed that colleges had come into existence near religious institutions and were carrying on without giving room for any troubles as anticipated by the previous speaker Mr Khaleel had said that the land did not belong to the Municipality But the Municipality was in possession of it from a long time and they might grant the same to the College If the Government turned down their resolution on the ground that it was not their to give, then they might think of some other plot There was no need to apprehend this denial from Government then alone

Mr C N Narasinga Rao speaking next supported the C I C opinion and said that when the whole world was clamouring for expansion of education it was not proper on their part to come in the way of starting a college The plot selected was ideal in many respects since it was centrally situated within easy approach to Basavaragudi the new Wilson Garden Extension and the Ramanpalya and Siddapur Extensions As for the low level of the ground, though it was not in a level with the road on the western side yet the soil was strong enough to take a substantial building There was sufficient open space all round the plot allowing for future expansion It was found quite suitable for the construction of the college and they might accept the opinion of the City Improvement Committee

Mr Ramalal Thiwari also supported the opinion of the City Improvement Committee

Then the following resolution was passed by the House all except one voting for the same

"The opinion of the City Improvement Committee is approved dismantled materials of the sheds may be utilised for the construction of sheds for the sweepers and scavengers

Letter dated 11th September 1945 from the President, The Bangalore Intermediate College, Bangalore City to the Municipal Commissioner Bangalore City

---

In continuation of my application dated 6-9-1945 for the free grant of the site situated to the east of 'Acnar a Patasala' for the construction of a buildin for our College, I be to submit the following

hen the City Improvement Co ittee inspect d the above site in connection with our application the Acharya Patasala authoriti-s ade a representation to the Committee opposing the rant of the site to us They argued that (i) ours would be a rival institution to theirs, and (ii) as the t emselves propose startin a college there, the grant of this site to us would injure their interests In our opinion the above arguments are un enable as the Acharya Patasala comprises a High School, a Middle School and a Primary Sch ol, and ours is purely a College startin from the Junior Inter ediate Class there can be no rivalry On the other hand, our Institution and theirs would be co plementary to each other Secondl as there are alread two colleg-s in the southern part of Bangalore namely, our college and the ational College capable of more than fully meetin the needs of the locality there is no scope for a third college which would get recognition and affiliation

However as some of the members of the City Improvement Committee who inspect d the site suggested t at we might inspect the Municipal site south of the Lage r Cowsil's property in the East Road measuring about five acres, as an alternative, we have done this accordingly The experts on the City Improv ent Com ittee are of opinion that the latter suggested site to the south of Cowsik's garden is more suitable for the location of our College as there is scope for expansion and playgrounds for sports

If, for any reason the Municipal authorities do not find it possible to grant the site east of Acharya Patasala to us, I request on behalf of our managing Committee that the site, south

south of Mr Cowsik's property be kindly granted as a free gift to our College A Plan of this site is appended herewith

--
